

NAZLAH NANDING

COMPUTER SCIENCE STUDENT | ASPIRING SOFTWARE DEVELOPER

Davao City | 0992-655-3451 | n.nanding.545627@umindanao.edu.ph

SUMMARY

Motivated 3rd-year Computer Science student seeking an internship opportunity to apply programming knowledge, develop practical software development skills, and contribute to real-world projects while gaining industry experience.

TECHNICAL SKILLS

- Languages: Python, Java, Javascript, HTML/CSS
- Frameworks & Libraries: Laravel, React, Node.js, Tailwind
- Data Science & ML: Machine Learning, Scikit-learn, Pandas, NumPy
- Tools & Developer Software: XAMPP, Git, GitHub, VS Code, Streamlit, Google Colab
- AI-Assisted Development: GitHub Copilot, ChatGPT, Claude, Cursor

PROJECTS

- Pet Services System** - *Laravel, MySQL, | Backend developer*

May 2026
- Developed a full-stack pet service management system for grooming and boarding operations, implementing customer and pet profiles, appointment scheduling, service tracking, and payment records using a centralized database with CRUD functionality, delivered as a collaborative academic project using Git/GitHub.
- Student Information Management System** - *Laravel, MySQL, | Full-Stack developer*

Apr 2026
- Developed a full-stack student information management system using Laravel, implementing features for student record management, enrollment tracking, and academic profile handling with a MySQL database in a CRUD-based architecture.
- Phishing URL Detection** - *Machine Learning Developer | Python, Google Colab*

Mar 2026
- Developed a phishing URL detection system in Google Colab using a hybrid ensemble model combining Random Forest and XGBoost to classify phishing and legitimate websites based on extracted URL features.
- PM2.5 Levels Detection** - *Machine Learning Developer | Python, Google Colab*

Dec 2025
- Developed a machine learning model in Google Colab to predict PM2.5 air pollution levels in Philippine cities using Linear Regression and Random Forest Regressor, comparing their performance for air quality forecasting.

PROFESSIONAL EXPERIENCE

- Customer Service Agent**

May 2025 - December 2025
- Handled customer inquiries through inbound and outbound communication channels
 - Resolved basic technical and service-related issues using structured troubleshooting steps
 - Maintained accurate case documentation and reports

EDUCATION

- Bachelor of Science in Computer Science**

2023 - 2027
- University Of Mindanao
- Relevant coursework: Machine Learning and Cybersecurity
 - Academic Achievements: Dean's List and Scholar

CERTIFICATION

- Information Technology Specialist: Network Security – *Certiport | March 2026*
- Information Technology Specialist: Databases – *Certiport | March 2025*
- Information Technology Specialist: Java – *Certiport | March 2024*
